Pre-Production Samples

If you need to see what your design will look like before producing a full run we can produce Pre-Production samples for you. Digital printing is ideal for this as we're able to print one-off samples at a lower cost.

Claim the cost of your digital samples back!

We'll deduct the pre-production sample costs from your invoice, for each design, when you order a minimum of 25 units of that design and product type.

Ask our team or visit our website for more details.

Example: 3 bag pre-production bag samples purchased. Order placed for 25 units of each of 2 of these designs means that 2 sample charges are deducted from your order invoice. Delivery charges are non-deductable.

Digitally Printed Pre-Production Samples

If you're placing your first Digital order you may wish to have a one-off Pre-Production Sample produced first so you can check that you are happy with the colours of your design. We don't make any adjustments to your artwork - we'll print in CMYK as per the file you send to us.

Tea Towels £15 each + VAT

Bags £25 each + VAT

Cushion Covers £25 each + VAT

Aprons £25 each + VAT

Please note that the colours will vary between Screen Printing and Digital Printing as we unfortunately are not able to match Digital Printing to Solid Uncoated Pantones or Swatches.

Screen Printed Pre-Production Samples

If you require a one-off Screen Printed sample the charge would reflect the number of colours in your design and the type of product. If you approve the Pre-Production Samples and proceed with a full run (with no changes to the artwork) we wouldn't charge for the Screens on your final order. Please find examples of the costs below:

Tea Towels - cost of the Set Up

e.g. a single colour design would have a Set Up cost of £26.50 + VAT

Bags/Cushion Covers/Aprons/Oven Gloves - cost of the Set Up plus £10 each + VAT for making up

e.g. a 2 colour Cushion Cover would have a Set Up Cost of £53 + VAT, plus making up charge of £10 + VAT = total of £63 + VAT

Packaging Options

We have a range of packaging options available for your products but please let us know if you need to discuss a different type of packaging that isn't listed below. Items are normally bulk packed in 50's.
